Subject: Drogheda boundary

Dear Sir,

I would like to submit my concern that the two 3 seater electoral areas Laurence Gate ward and West Gate ward are changed and combined into a 6 seater electoral area. The main reason for this request is the growth in population of both areas and the closeness of the 2 populations in that area. If this is acceptable by the commission and the minister, this would leave Drogheda with 2 six seaters electoral areas, one on the south side and one on the north side of the river Boyne

thanks you
