

DROMORE WEST COMMUNITY ENHANCEMENT GROUP LIMITED
Dromore West
Co Sligo

In Sligo North Leitrim Constituency

March 14, 2008

Dear Sirs,

Submission to Electoral Area Boundary Committee

We are making this submission to urge the committee to restore the Dromore West Electoral area to a four seat constituency for the following reasons.

There has been a dramatic increase in population in the Dromore West area in recent years and we feel that due to our lack of representation at council level we have fallen behind the other areas in the constituency in the development of medical and sports facilities.

The current three seat constituency has resulted in an unfair advantage being given to the large parties.

The N59 is among one of the most dangerous roads in the country and despite numerous promises, there has been no improvements made.

Our local national school have seen a 75% increase in student numbers over the last number of years and we would like to see suitable amenities in the area that would allow these people to continue their education in the area and further allow them to have a reasonable chance of gaining employment within the area.

We are a recently formed voluntary group and our aims are to enhance and improve the recreational , social, cultural and economic profile of Dromore West and its surrounding environs and we feel that the community that we represent would be better served if we had a four seat constituency

Signed

Joan Tempany
Secretary
