

Moss Grove
Bandon

co. cork

10-3-08

Dear sir/madam

I am writing to you in relation to the proposal changes in the county council boundary areas.

We are situated in the Templemartin area of cork council area in which is in the centre of the Bandon and ma room council area.

We are situated in the southern end of the cork north west constituency area.

If the boundary is to be redrawn we would be looking for the ma room, Bandon and kinsale towns and their hinterland to be put into one area because the towns have a lot in common like farming, new villages and common problems for example planning - not like the satellite towns of Ballincolling and Carrigaline who have completely different issues.

In the past also all of these areas have been together and worked well and nowadays all these areas meet at the same council meetings in cork.

Hoping you would look on our proposal as a positive one and consider it in your proposals.

Thanking you

Yours sincerely

Don Mc Sweeney

Chairman Templemartin

Fianna Fail Councillor
